6.5 – Story

STEPS TO CREATE STORY BOARD-

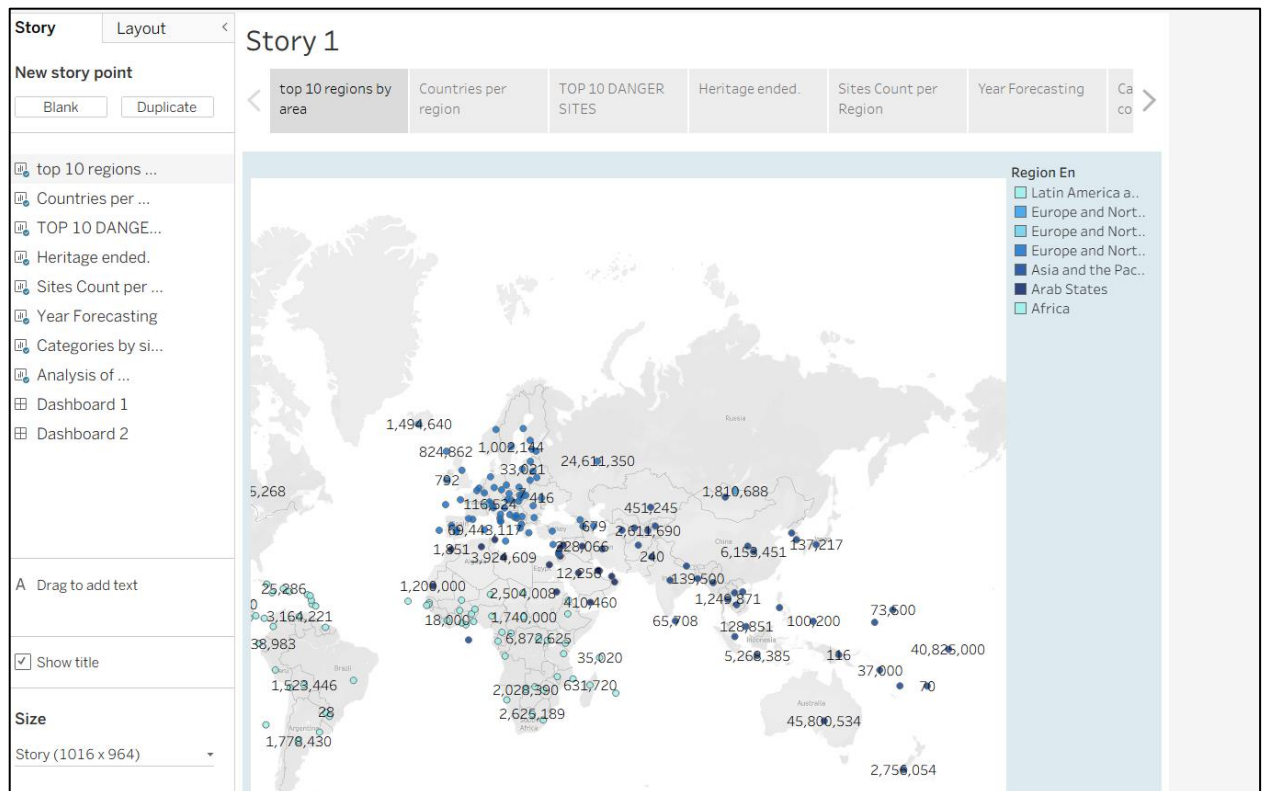

STEP 01-

- Open a **new story** in Tableau
- Click the **Story** tab at the bottom, next to Dashboard.
- Set the story size.
- (From the **Size** dropdown on the left, select **Story (1016 x 964)** or choose **Custom** size.)

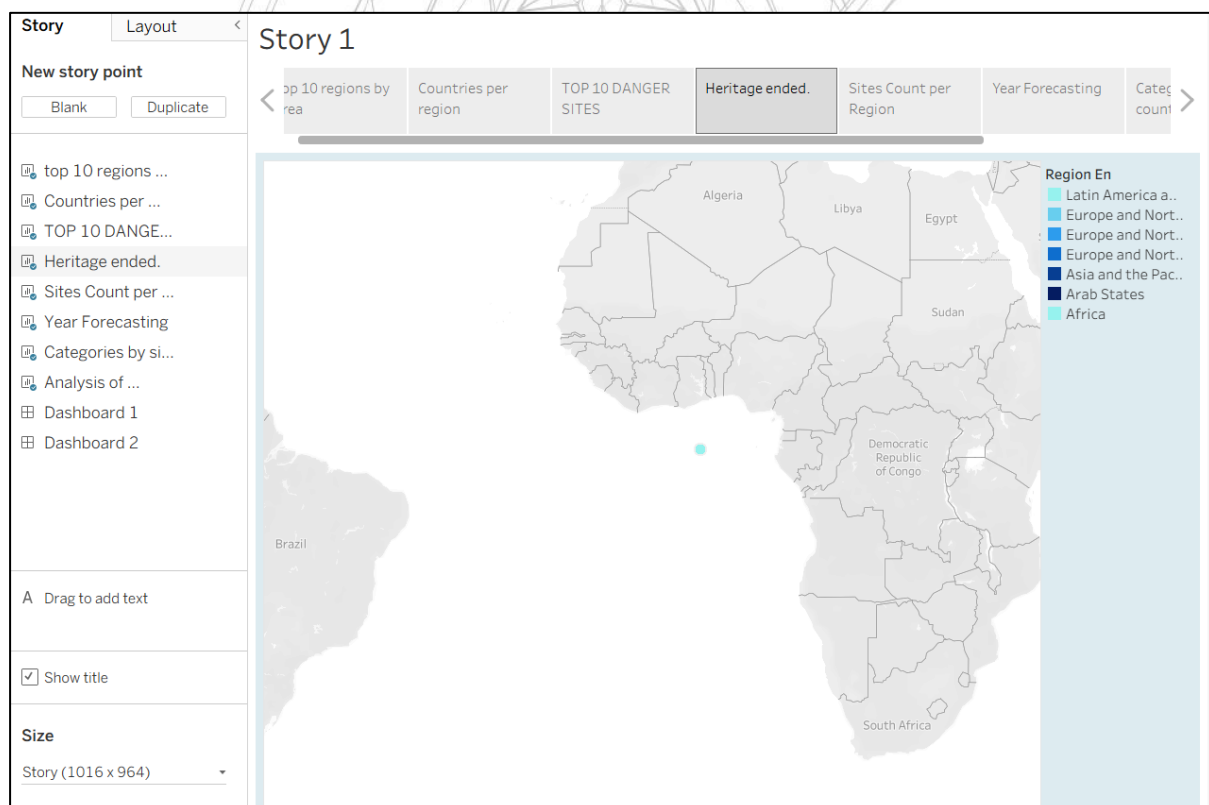

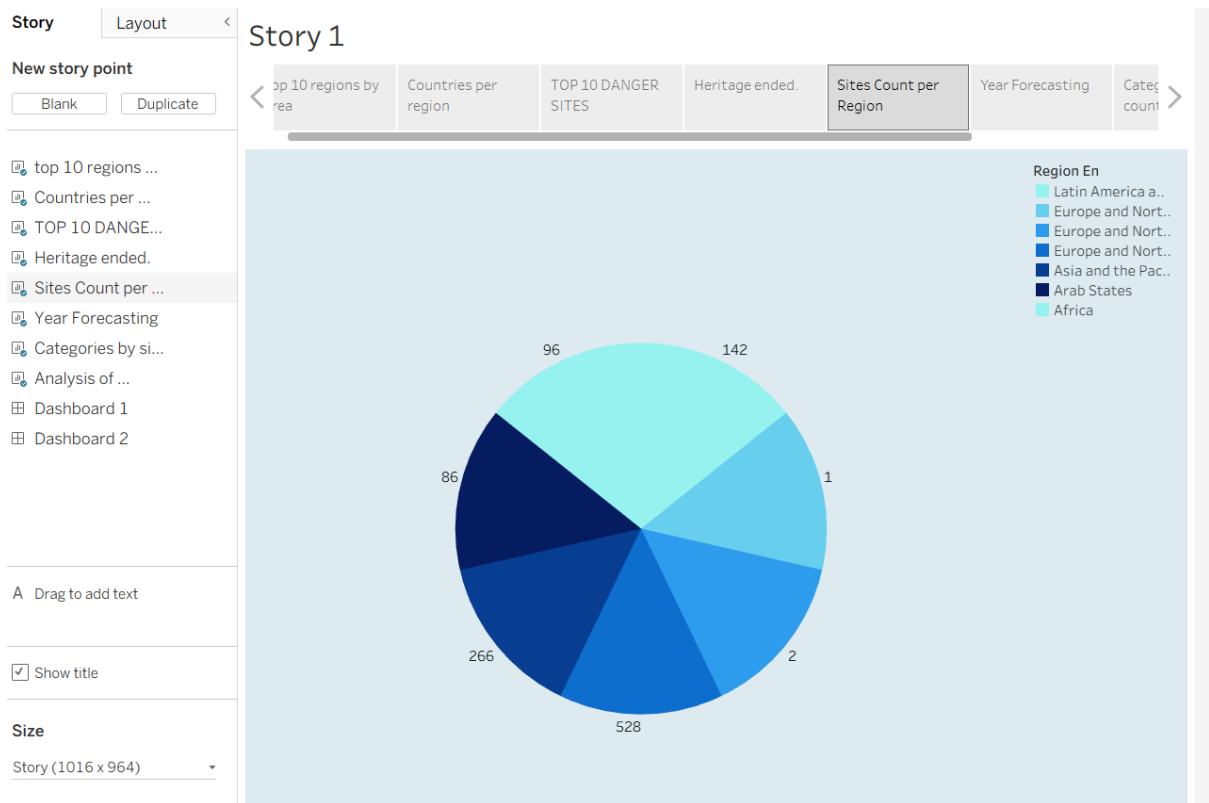

STEP 02-

- **Add** a Title to your story.
- (Check **Show title** and type the title of your story, e.g., "UNESCO World Heritage Sites Analysis".)
- From the Sheets list on the left, drag your first worksheet (e.g., Top 10 Regions by Area) onto the story canvas.
- Like that click on blank page and drag you're each sheet
- And your story page id completed.
- HERE I WILL DISPLAY MY STORY PAGE:
